

Sequence ID Nos. 3 and 4 were previously identified in category <213> as "GADPH cDNA." Sequence ID Nos. 3 and 4 are now identified in category <213> as originating from the organism "Homo sapiens." The origin of Sequence ID Nos. 3 and 4 has previously been identified in the specification as originating from humans, the common name for the species *Homo sapiens*.

Respectfully submitted,

Date: September 23, 2002
